German S-Boote at War: 1939-1945

Jean Dallies-Labourdette

German S-Boote at War: 1939-1945 Jean Dallies-Labourdette

Too little has been written to date on Germany's "Schnellboote" in the Second World War. Known by the Allies as E-Boats (Enemy Boats) the S Boote played havoc on Allied naval operations in the English channel and elsewhere. Many of their captains were amongst the most decorated of any branch of the Kriegsmarine.

Jean-Philippe Dallies-Labourdette is a noted expert on the Kriegsmarine in World War Two and was the author of the best selling (and now sadly out of print) U-Boote, published in 1996 by Histoire and Collections.

This highly detailed book examines all aspects of the S-Boote, from design to deployment and notes all the major engagements for which they are famous. As with all Histoire and Collections books, you are guaranteed a visual feast of excellent descriptive graphics and previously unseen photographs.

REVIEWS

"very thorough explanation of history of E boats...extensive collection of photos and illustrations."Table Top Gaming News, 05/2008
