**The Creature from Jekyll Island: A Second Look At the Federal Reserve (5th Edition, 2010)** G. Edward Griffin

This is the classic exposé of the Fed that has become one of the best-selling books in its category of all time. Where does money come from? Where does it go? Who makes it? The money magician's secrets are unveiled. Here is a close look at their mirrors and smoke machines, the pulleys, cogs, and wheels that create the grand illusion called money. A boring subject? Just wait. You'll be hooked in five minutes. It reads like a detective story - which it really is, but it's all true. This book is about the most blatant scam of history. It's all here: the cause of wars, boom-bust cycles, inflation, depression, prosperity. Your world view will definitely change. Putting it quite simply, this may be the most important book on world affairs you will ever read.
