Your full-color, friendly guide to getting started with HTML5 and CSS3!

HTML and CSS are essential tools for creating dynamic websites and help make your websites even more effective and unique. This friendly-but-straightforward guide gets you started with the basics of the latest versions of HTML and CSS: HTML5 and CSS3. Introducing you to the syntax and structure of the languages, this helpful guide shows you how to create and view a web page, explains ideal usage of HTML5 and CSS3, walks you through the CSS3 rules and style sheets, addresses common mistakes and explains how to fix them, and explores interesting HTML5 tools.

- Serves as an ideal introduction to HTML5 and CSS3 for beginners with little to no web development experience
- Details the capabilities of HTML5 and CSS3 and how to use both to create responsive, practical, and well-designed websites
- Helps you understand how HTML5 and CSS3 are the foundation upon which hundreds of millions of web pages are built
- Features full-color illustrations to enhance your learning process

Beginning HTML5 and CSS3 For Dummies is the perfect first step for getting started with the fundamentals of web development and design.

From reader reviews:

John Dudley:

Nowadays reading books become more and more than want or need but also work as a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book in which improve your knowledge and information. The data you get based on what kind of book you read, if you want have more knowledge just go with education books but if you want truly feel happy read one having theme for entertaining for instance comic or novel. Typically the Beginning HTML5 and CSS3 For Dummies is kind of book which is giving the reader unstable experience.

Anthony Robin:

Reading a e-book can be one of a lot of task that everyone in the world likes. Do you like reading book consequently. There are a lot of reasons why people like it. First reading a e-book will give you a lot of new info. When you read a e-book you will get new information due to the fact book is one of various ways to share the information or perhaps their idea. Second, examining a book will make anyone more imaginative. When you examining a book especially fiction book the author will bring someone to imagine the story how the figures do it anything. Third, you are able to share your knowledge to others. When you read this Beginning HTML5 and CSS3 For Dummies, you can tells your family, friends along with soon about yours publication. Your knowledge can inspire the others, make them reading a reserve.

Melissa Ray:

Reading a publication tends to be new life style on this era globalization. With looking at you can get a lot of information that will give you benefit in your life. With book everyone in this world could share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire their particular reader with their story or even their experience. Not only situation that share in the ebooks. But also they write about the ability about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors these days always try to improve their proficiency in writing, they also doing some investigation before they write to the book. One of them is this Beginning HTML5 and CSS3 For Dummies.

Kenneth Copeland:

The reason why? Because this Beginning HTML5 and CSS3 For Dummies is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will zap you with the secret it inside. Reading this book beside it was fantastic author who all write the book in such amazing way makes the content on the inside easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This unique book will give you a lot of positive aspects than the other book include such as help improving your proficiency and your critical thinking way. So , still want to hold up having that book? If I were being you I will go to the reserve store hurriedly.
