Oral And Maxillofacial Trauma (2 Volume Set) Raymond J. Fonseca DMD, Robert V. Walker DDS FACD, Norman J. Betts DDS MS

This two-volume set details step-by-step, integrated diagnosis and management of maxillofacial and associated trauma injuries. It goes beyond the surgical management of head and neck trauma, and covers general management of traumatic injuries, systemic evaluation of the trauma patient, and special considerations addressed when dealing with traumatic injury. With over 80 highly respected contributors and nearly 2,000 images to illustrate injuries and their treatment, this comprehensive text provides all of the information necessary to offer the best care possible to the trauma patient.

- Logical organization of topics presents the material in an efficient way for better comprehension and enhanced readability.
- Contributors represent not only the specialties associated with oral and maxillofacial surgery, but also different areas of medicine such as anesthesiology, urology and otolaryngology.
- Key topics include:
 - The management of trauma in pediatric and geriatric patients, both of whom suffer a high incidence of injury.
 - The evaluation and management of neurologic injuries, one of the most significant causes of death from trauma.
 - Wound healing, airway management, and radiographic evaluation - essential components of effective traumatic injury treatment.
 - Coverage of shock - its pathophysiology, treatment, and management.
 - The management of nasal fractures, a controversial and debated topic.
- Content has been updated to reflect current thinking and the latest techniques.
- Many new or completely rewritten chapters are included and feature new artwork. New chapters cover topics such as:
 - Firearm injuries, one of the most devastating and difficult injuries to treat.
 - Avulsive injuries to the maxillofacial complex, including the most effective, time-proven methods of evaluation, diagnosis and management.
 - Traumatic injuries of the trigeminal nerve, describing microsurgery indications, nerve grafts, and outcomes.
- The impact traumatic injury has on society, including how the high cost of treatment affects patient care and management.

From reader reviews:

James Hill:

Reading a publication tends to be new life style within this era globalization. With studying you can get a lot of information that could give you benefit in your life. Having book everyone in this world could share their idea. Publications can also inspire a lot of people. A great deal of author can inspire their reader with their story or maybe their experience. Not only the storyline that share in the books. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors on this planet always try to improve their proficiency in writing, they also doing some study before they write on their book. One of them is this Oral And Maxillofacial Trauma (2 Volume Set).

Dorothy Delarosa:

Are you kind of active person, only have 10 or even 15 minute in your day time to upgrading your mind skill or thinking skill also analytical thinking? Then you are having problem with the book in comparison with can satisfy your short period of time to read it because this time you only find book that need more time to be go through. Oral And Maxillofacial Trauma (2 Volume Set) can be your answer given it can be read by you actually who have those short extra time problems.

Vincent Humphreys:

Many people spending their period by playing outside along with friends, fun activity together with family or just watching TV all day long. You can have new activity to pay your whole day by looking at a book. Ugh, you think reading a book can actually hard because you have to bring the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Cell phone. Like Oral And Maxillofacial Trauma (2 Volume Set) which is obtaining the e-book version. So , why not try out this book? Let's observe.

Carmela Martin:

As a university student exactly feel bored to help reading. If their teacher expected them to go to the library or to make summary for some reserve, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Oral And Maxillofacial Trauma (2 Volume Set) can make you really feel more interested to read.
