Black Bear Hunting: Part 6 - After The Kill & Into The Future Richard P. Smith

Part 6 of 6 about black bear hunting. One of the most important chapters in this book is about recovering wounded bears. It contains excellent advice about not only how to recover all of the black bears you shoot, but how best to do so without risking injury to yourself. Another chapter covers how to field dress bruins, how to get them out of the field, skinning carcasses and how to handle the meat so it will provide many memorable meals. Still one more chapter is devoted to dealing with skulls, so they can be cleaned and preserved as treasured trophies. More valuable chapters touch on selecting a reputable bear guide, in support of spring bear hunts and how to protect bear hunting for the future.
