Strange Angel: The Otherworldly Life of Rocket Scientist John Whiteside Parsons George Pendle
ROCKET SCIENTIST KILLED IN PASADENA EXPLOSION screamed the headline of the Los Angeles Times. John Parsons, a maverick rocketeer who helped transform the rocket from a derided sci-fi plotline into a reality, was at first mourned as a scientific prodigy. But reporters soon uncovered a more shocking story: Parsons had been a devotee of black magic.

George Pendle re-creates the world of John Parsons in this dazzling portrait of prewar superstition, cold war paranoia, and futuristic possibility. Fueled by childhood dreams of space flight, Parsons was a leader of the motley band of enthusiastic young men who founded the Jet Propulsion Laboratory, a cornerstone of the American space program. But Parsons's wild imagination also led him into the occult- for if he could make rocketry a reality, why not magic?

With a cast of characters including Howard Hughes, L. Ron Hubbard, and Robert Heinlein, *Strange Angel* explores the unruly consequences of genius.
