## Translator and Interpreter Training: Issues, Methods and Debates (Bloomsbury Studies in Translation)

As a research area, education in the fields of translation and interpreting has received growing attention in recent years, with the increasing professionalization of the language-mediation sector demanding ever more highly trained employees with broader repertoires. This trend is evidenced in the present collection, which addresses issues in pedagogy in a variety of translation and interpreting domains. A global range of contributors discuss teaching, evaluation, professionalization and competence as they apply to an array of educational and linguistic situations.

*Translator and Interpreter Training: Issues, Methods and Debates* presents an in-depth consideration of the issues involved in this area of translation and interpreting studies, and will be of interest to all students and academics working and researching in the field.
