Changes Danielle Steel

Top TV anchorwoman Melanie Adams had given up on love after a failed marriage and an unhappy affair. With her two teenage children and her television news career, she had no room in her life for a man. Then she met famous heart surgeon Peter Hallam, a widower with three children of his own. Suddenly Melanie was experiencing feelings she thought were gone forever. But two families (one in New York and one in Los Angeles), two exciting careers, and two strong-willed people were too much to handle. And Melanie faced a painful choice between her glamorous life in the public eye, her private life, the needs of her family, and the new family she took on. Changes lead each of them to new places, new problems, new people, and the new life they begin.

From reader reviews:

Patricia Gross:

What do you ponder on book? It is just for students because they're still students or the item for all people in the world, the particular best subject for that? Only you can be answered for that question above. Every person has various personality and hobby for each other. Don't to be obligated someone or something that they don't desire do that. You must know how great in addition to important the book Changes. All type of book would you see on many options. You can look for the internet options or other social media.

Raymond Garza:

Information is provisions for anyone to get better life, information these days can get by anyone on everywhere. The information can be a know-how or any news even an issue. What people must be consider while those information which is in the former life are challenging to be find than now's taking seriously which one is appropriate to believe or which one the particular resource are convinced. If you obtain the unstable resource then you get it as your main information we will see huge disadvantage for you. All of those possibilities will not happen within you if you take Changes as the daily resource information.

Sharon Hardin:

Hey guys, do you really wants to finds a new book to read? May be the book with the headline Changes suitable to you? The actual book was written by well known writer in this era. The book untitled Changes is one of several books that everyone read now. This kind of book was inspired many people in the world. When you read this reserve you will enter the new dimension that you ever know ahead of. The author explained their plan in the simple way, thus all of people can easily to be aware of the core of this guide. This book will give you a lots of information about this world now. In order to see the represented of the world in this book.

David Clark:

Playing with family within a park, coming to see the water world or hanging out with friends is thing that usually you could have done when you have spare time, and then why you don't try issue that really opposite from that. I activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Changes, it is possible to enjoy both. It is great combination right, you still desire to miss it? What kind of hangout type is it? Oh can occur its mind hangout people. What? Still don't get it, oh come on its named reading friends.
