Embodied Metaphors in Film, Television, and Video Games: Cognitive Approaches (Routledge Research in Cultural and Media Studies)

Embodied Metaphors in Film, Television, and Video Games: Cognitive Approaches (Routledge Research in Cultural and Media Studies)

In cognitive research, metaphors have been shown to help us imagine complex, abstract, or invisible ideas, concepts, or emotions. Contributors to this book argue that metaphors occur not only in language, but in audio visual media well. This is all the more evident in entertainment media, which strategically "sell" their products by addressing their viewers' immediate, reflexive understanding through pictures, sounds, and language. This volume applies cognitive metaphor theory (CMT) to film, television, and video games in order to analyze the embodied aesthetics and meanings of those moving images.

From reader reviews:

Wayne Millican:

Reading a publication tends to be new life style with this era globalization. With reading you can get a lot of information that could give you benefit in your life. Together with book everyone in this world could share their idea. Ebooks can also inspire a lot of people. Many author can inspire their own reader with their story or maybe their experience. Not only the story that share in the guides. But also they write about advantage about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors in this world always try to improve their skill in writing, they also doing some research before they write to the book. One of them is this Embodied Metaphors in Film, Television, and Video Games: Cognitive Approaches (Routledge Research in Cultural and Media Studies).

Edward Yung:

The reason why? Because this Embodied Metaphors in Film, Television, and Video Games: Cognitive Approaches (Routledge Research in Cultural and Media Studies) is an unordinary book that the inside of the publication waiting for you to snap this but latter it will distress you with the secret that inside. Reading this book next to it was fantastic author who write the book in such remarkable way makes the content on the inside easier to understand, entertaining approach but still convey the meaning totally. So , it is good for you for not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of gains than the other book have got such as help improving your skill and your critical thinking way. So , still want to delay having that book? If I ended up you I will go to the e-book store hurriedly.

Jose Enriquez:
