## **How do you tell your werewolf mate that you're pregnant with his half-ling?**

There are times when being married to an Alpha is a challenge.

I have to share the top of his priority list with a pack of fifty three other wolves.

It's not always easy. But it's always worth it.

In our world things are very straightforward.

Alphas and the wolves in the inner circle – the eight wolves that are closest to the alpha, the ones who can succeed him – are all pure bred werewolves.

No human blood, not for centuries.

For them marriages are arranged with other purebred wolves.

It makes them stronger and their offspring have a higher chance of being Alpha's as well.

At the end of it we need the strength to fight and survive and a pack is only as strong as its alpha.

Dalton and I were lucky. He's the alpha and I'm a purebred.

But our marriage wasn't arranged. It didn't have to be.

I fell in love with him the moment I saw him...
