The Complete Terry and the Pirates, Vol. 4: 1941-1942 Milton Caniff

- America's premiere adventure comic strip thunders to its pre-war crescendo in an October, 1941 storyline so powerful creator Milton Caniff was forced to take to the radio airwaves to explain why he chose to shock the nation with the death of a major character. In the 1942 strips, the World War drives Terry Lee to join the military, where he meets nurse Taffy Tucker and Army flight instructor Flip Corkin, then gets into plenty of trouble investigating a spy ring! And then there's the women - the strong, beautiful and independent Caniff women! - IDW Publishing's Library of American Comics has collected over 700 newspaper strips, including more than 100 Sunday pages restored to their original luster, in this pivotal volume in the Terry and the Pirates saga. -The Library of American Comics is the world's #1 publisher of classic newspaper comic strips, with 14 Eisner Award nominations and three wins for best book. LOAC has become "the gold standard for archival comic strip reprints... The research and articles provide insight and context, and most importantly the glorious reproduction of the material has preserved these strips for those who knew them and offers a new gateway to adventure for those discovering them for the first time." - Scoop -
