In the Shadow of Man Jane Goodall

This best-selling classic tells the story of one of the world's greatest scientific adventures. Jane Goodall was a young secretarial school graduate when the legendary Louis Leakey chose her to undertake a landmark study of chimpanzees in the wild. *In the Shadow of Man* is an absorbing account of her early years at Gombe Stream Reserve, telling us of the remarkable discoveries she made as she got to know the chimps and they got to know her. This paperback edition, illustrated with 80 photographs, includes an introduction by Stephen Jay Gould and a postscript by Goodall. During Goodall's forty years of studying chimpanzees, she has become one of the world's most honored scientists. She tells of the later years in *THROUGH A WINDOW*, also available in Mariner paperback. *AFRICA IN MY BLOOD: AN AUTOBIOGRAPHY IN LETTERS* tells the story, through her letters, of childhood through the early years at Gombe.
