Theology for Skeptics

Dorothee Soelle

Theology for Skeptics Dorothee Soelle

Here one of the most widely read theologians of our time returns to the most basic question of all: God. Yet she does so with a twist. Soelle's work invites the reader on a personal quest for a new, world-embracing notion of God, one that can counter the gravitational pull of first-world people's political apathy, material acquisitiveness, and spiritual numbness. In these nine short chapters, Soelle seeks to leverage our incipient desire for social, political, and gender justice into commitment to God's justice. The question of God becomes, then, not an argument or even a summons but a deeper engagement with life itself and its central mysteries. One of Soelle's most beautiful books, *Theology for Skeptics* is a brave confession and an engaged meditation on the central themes of religion.
