Corporate Security Management: Challenges, Risks, and Strategies Marko Cabric

Corporate Security Management provides practical advice on efficiently and effectively protecting an organization's processes, tangible and intangible assets, and people.

The book merges business and security perspectives to help transform this often conflicted relationship into a successful and sustainable partnership. It combines security doctrine, business priorities, and best practices to uniquely answer the Who, What, Where, Why, When and How of corporate security.

Corporate Security Management explores the diverse structures of security organizations in different industries. It shows the crucial corporate security competencies needed and demonstrates how they blend with the competencies of the entire organization. This book shows how to identify, understand, evaluate and anticipate the specific risks that threaten enterprises and how to design successful protection strategies against them. It guides readers in developing a systematic approach to assessing, analyzing, planning, quantifying, administering, and measuring the security function.

- Addresses the often opposing objectives between the security department and the rest of the business concerning risk, protection, outsourcing, and more
- Shows security managers how to develop business acumen in a corporate security environment
- Analyzes the management and communication skills needed for the corporate security manager
- Focuses on simplicity, logic and creativity instead of security technology
- Shows the true challenges of performing security in a profit-oriented environment, suggesting ways to successfully overcome them
- Illustrates the numerous security approaches and requirements in a wide variety of industries
- Includes case studies, glossary, chapter objectives, discussion questions and exercises

From reader reviews:

Thomas Llanos:

Book is to be different per grade. Book for children till adult are different content. As it is known to us that book is very important normally. The book Corporate Security Management: Challenges, Risks, and Strategies was making you to know about other understanding and of course you can take more information. It is rather advantages for you. The book Corporate Security Management: Challenges, Risks, and Strategies is not only giving you more new information but also for being your friend when you sense bored. You can spend your spend time to read your book. Try to make relationship using the book Corporate Security Management: Challenges, Risks, and Strategies. You never experience lose out for everything when you read some books.

James Jean:

As people who live in the particular modest era should be revise about what going on or data even knowledge to make all of them keep up with the era which is always change and move ahead. Some of you maybe may update themselves by looking at books. It is a good choice for yourself but the problems coming to a person is you don't know what type you should start with. This Corporate Security Management: Challenges, Risks, and Strategies is our recommendation to make you keep up with the world. Why, because book serves what you want and need in this era.

Marvin Smith:

The feeling that you get from Corporate Security Management: Challenges, Risks, and Strategies is the more deep you searching the information that hide within the words the more you get enthusiastic about reading it. It doesn't mean that this book is hard to be aware of but Corporate Security Management: Challenges, Risks, and Strategies giving you thrill feeling of reading. The copy writer conveys their point in particular way that can be understood through anyone who read this because the author of this publication is well-known enough. This specific book also makes your personal vocabulary increase well. Making it easy to understand then can go along, both in printed or e-book style are available. We recommend you for having this particular Corporate Security Management: Challenges, Risks, and Strategies instantly.

Patrick Garcia:

The reason why? Because this Corporate Security Management: Challenges, Risks, and Strategies is an unordinary book that the inside of the publication waiting for you to snap it but latter it will shock you with the secret that inside. Reading this book alongside it was fantastic author who write the book in such amazing way makes the content on the inside easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you for not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of benefits than the other book possess such as help improving your talent and your critical thinking approach. So , still want to postpone having that book? If I had been

you I will go to the book store hurriedly.
