A new “green” series!: Little Green Books will educate children on what they can do to be more eco-friendly. The books in this line will be made from recycled materials, and the storylines will cover subjects such as improving the environment, learning about endangered animals, recycling, and much more.

Meet Max the Little Monster. He is a cute, furry green monster who is an environmental nightmare. Among other things, he leaves on all the lights, keeps his computer plugged in, blasts the TV, hoards his old toys and uses so much toilet paper it clogs the toilet until finally, his excessive ways cause a power outage. With no TV to watch, computer to play on, video games to play with, Max finds there is a whole big world outside that he can make a difference in the environment.

Kids can follow Max the Little Green Monster's journey to environmental awareness and learn tips on how they can become little green monsters themselves. A kid-friendly glossary of terms is included in the back of the book.

This 8x8 paperback is perfect bound and will be printed on 100% post-consumer waste recycled paper with soy-ink. The paper is FSC certified.
