D. H. Lawrence

Aaron's Rod (The Cambridge Edition of the Works of D. H. Lawrence) D. H. Lawrence

Written in the years following World War I and set in postwar England and Italy, *Aaron's Rod* questions many of the accepted social and political institutions of Lawrence's generation, and raises issues as valid for our own time as they were for his. The novel's hero is an Everyman who flees the destruction in England and his failing marriage and who, like Lawrence himself, becomes absorbed in discovering and understanding the nature of the political and religious ideologies that shaped western civilization. *Aaron's Rod* was completed in 1921 and was censored by both Lawrence's American and English publishers. The Cambridge Edition, based on the only authoritative, surviving typescript, restores these cut passages and eliminates the errors and house-styling of previous editions. The volume contains an introduction that describes the novel's genesis, its transmission, publication history, and reception. Extensive explanatory notes and textual apparatus are also included.
