For American Stephanie Cahill, Bella Vista is a new beginning - a chance to put her painful past behind her. Yet, from the moment the first body is discovered at the site of an archaeological dig, Stephanie feels as if she's being watched, followed, studied, hunted. Archaeologist Grant Peterson senses something odd about this dig, something that has him locking his door at night. And now, the echoes of a burial site's ancient legend can be found in the chilling signature of a killer on the loose, as one by one, young women start disappearing, only to be found horribly mutilated. The powerful attraction between Stephanie and Grant is a complication neither can afford as they are pulled into a desperate race against time to keep Stephanie from joining the ranks of the missing. For nothing in Bella Vista is what it seems. No one can be trusted. And those closest to Stephanie may prove the most dangerous of all.
