The Sword of Dragons Jon Wasik

For over 3,000 years, the Sword of Dragons has remained hidden in the remote realm of Halarite. Forged to end the catastrophic Civil War of the dragons, it was feared by its creators and was buried and forgotten. When a mysterious Wizard approaches Kailar and tells her about the Sword's incredible power, she believes it is the only weapon that will give her the strength to conquer the four kingdoms. Only the fledgling Wizard Dalin believes that Kailar is a true threat. With no support from his peers, he recruits an outcast Warrior, Cardin Kataar, to stop her. But they are too late. Kailar has defeated the guardian Dragon and already has the Sword. Demonstrating a terrifying power, she defeats them within seconds and escapes. As Kailar's power grows, their only chance is to unite the four kingdoms against her. If they fail, a new age of darkness will begin.
