The Sound of My Soul ventures behind the curtain to reveal your soul, without which you'd have no clue who you are, no chance of figuring it out and no way of knowing when you've arrived. Unlike books about the soul mired in spiritualism or theological dogma, The Sound of My Soul is real talk about the sacred cows and long-held religious beliefs that keep us from hearing the sound of our own voice. Beliefs like: \*All God cares about is whether you go to church or not. \*Feelings get you in trouble. That's why you should ignore them. \*It is wrong to question spiritual authority. \*It's my fault. The Sound of My Soul challenges those beliefs that keep our souls in a box, gasping for air and releases you to live without apology!
