Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics) Daniel Shiffman

This book teaches the basic building blocks of programming needed to create cutting-edge graphics applications including interactive art, live video processing, and data visualization.

A unique lab-style manual, this book gives graphic and web designers, artists, illustrators, and anyone interested in learning to code a jumpstart on working with the Processing programming environment by providing instruction on the basic principles of the language, followed by careful explanations of advanced techniques.

From algorithmic design to data visualization, to computer vision and 3D graphics, this book teaches object-oriented programming from the ground up within the fascinating context of interactive visual media and creative coding. It is also supported by a companion website (**learningprocessing.com**), which includes all examples running in the browser using HTML5 canvas and p5.js, downloadable versions of all source code, answers to select chapter exercises, and over twenty hours of companion video lessons.

- A friendly start-up guide to Processing, a free, open-source alternative to expensive software and daunting programming languages
- No previous experience required?this book is for the true programming beginner!
- Step-by-step examples, thorough explanations, hands-on exercises, and sample code supports your learning curve

From reader reviews:

Doris Williams:

Book is to be different for each and every grade. Book for children until finally adult are different content. To be sure that book is very important for all of us. The book Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics) had been making you to know about other know-how and of course you can take more information. It is very advantages for you. The publication Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics) is not only giving you considerably more new information but also to get your friend when you feel bored. You can spend your personal spend time to read your reserve. Try to make relationship using the book Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics). You never truly feel lose out for everything if you read some books.

Joyce Coolidge:

Beside that Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics) in your phone, it can give you a way to get closer to the new knowledge or info. The information and the knowledge you are going to got here is fresh from the oven so don't possibly be worry if you feel like an outdated people live in narrow town. It is good thing to have Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics) because this book offers to you personally readable information. Do you at times have book but you rarely get what it's interesting features of. Oh come on, that will not end up to happen if you have this inside your hand. The Enjoyable arrangement here cannot be questionable, just like treasuring beautiful island. So do you still want to miss the item? Find this book and read it from right now!

Edward Knudsen:

As we know that book is vital thing to add our know-how for everything. By a guide we can know everything we want. A book is a set of written, printed, illustrated or perhaps blank sheet. Every year was exactly added. This publication Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics) was filled about science. Spend your spare time to add your knowledge about your research competence. Some people has several feel when they reading some sort of book. If you know how big benefit of a book, you can feel enjoy to read a reserve. In the modern era like at this point, many ways to get book that you simply wanted.

John Charles:

A number of people said that they feel bored stiff when they reading a reserve. They are directly felt this when they get a half parts of the book. You can choose typically the book Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics) to make your own reading is interesting. Your skill of reading talent is developing when you such as reading. Try to choose straightforward book to make you enjoy to read it and mingle the feeling about book and studying especially. It is to be initial opinion for you to like to wide open a book and learn it. Beside that the guide Learning Processing, Second Edition: A Beginner's Guide to Programming Images, Animation, and Interaction (The Morgan Kaufmann Series in Computer Graphics) can to be your new friend when you're experience alone and confuse in what must you're doing of the time.
