Life is a prelude to eternity, and there is a Book that tells us why! The Bible -- the Book of Books -- more than ever, seems to be ignored and neglected, even by those who consider themselves well-read. All too many offer the feeblest of excuses for why they don't even peruse it, much less give it an objective personal investigation. Mr. Huddy seeks to dispel such "Mental Myths" and provide the reader with an introduction to history's all-time best-seller that will enable him to decide for himself whether his time in the Scriptures is well spent. Whether you are a self-described atheist, skeptic, or agnostic, or you've never given the Good Book a fair trial, or have always intended to check out the Bible and just never made the time, or you're just plain curious as to what it says. Come and learn for yourself! You have nothing to lose but your ignorance of what ever so many have found to be what, in truth, it is in fact: the very Word of God.
